

Hinges plastic, with adjustable friction

Item description/product images

Description

Material:

Hinge and caps, fibreglass reinforced PA thermoplastic.
Metal parts stainless steel.

Version:

Hinge and caps black.
Metal parts bright.

Note:

These friction hinges allow doors or lids to remain open in any position. A set screw allows the amount of friction to be infinitely adjusted between 0-5 Nm. The hinges are available with or without guide tabs for aluminium profile slots.

Hinges plastic, with adjustable friction
